Responsibility of the Réviseur d'Entreprises agréé

Our responsibility is to express an opinion on these annual accounts based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the annual accounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual accounts. The procedures selected depend on the judgement of the Réviseur d'Entreprises agréé, including the assessment of the risks of material misstatement of the annual accounts, whether due to fraud or error. In making those risk assessments, the Réviseur d'Entreprises agréé considers internal control relevant to the entity's preparation and fair presentation of the annual accounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors, as well as evaluating the overall presentation of the annual accounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ANNUAL ACCOUNTS 2010

#### DIRECTORS' REPORT

The Directors' present their report and the audited annual accounts for the year ended 31 December 2010.

#### Introduction

Regus plc (société anonyme) (the "Company"), was originally incorporated as a private company on 8 August 2008 in Jersey, Channel Islands and was re-registered as a public company on 18 August 2008. The Company transferred its place of central administration (head office) from Jersey to Luxembourg as of 21 August 2008 and was registered for the sole purpose of the transfer of its place of central administration (head office) to Luxembourg with the Luxembourg Registre de Commerce et des Sociétés as a Société Anonyme.

The Company was incorporated to participate in a group reorganisation of the Regus Group which was announced on 29 August 2008 whereby the Company would be introduced as the new holding company of the Regus Group through a High Court approved scheme of arrangement under sections 895 to 899 of the UK Companies Act 2006. The scheme became effective on 14 October 2008.

Following the scheme of arrangement, the Company's principal activity was to act as a holding company for the Regus Group and the Company is the ultimate parent company of all subsidiaries of the Regus Group.

#### **Business review**

During the year the Company was assigned or transferred certain assets by Regus Management Limited by way of an interim dividend paid to the Company. In addition the Company incurred expenditure in relation to its listing on the main market of the London Stock Exchange and related costs with both external suppliers and other group companies.

In December 2009, the then Chairman of the Company, Mr John Matthews and Senior Non-executive director Mr Martin Robinson announced their intention to retire from the Board of directors of the Company at the 2010 AGM. At this point Mr Douglas Sutherland, a then Non-executive director on the Board became Chairman. In November, 2010 Mr Ulrich Ogiermann announced his intention to step down from the board as of 31 December 2010.

The Board is proposing an 8% increase in the full year dividend to 2.6p per share (2009: 2.4p). Subject to the approval of shareholders at the 2011 AGM, this final dividend will be paid on Friday 27 May 2011 to shareholders on the register at the close of business on Tuesday 26 April 2011.

Since 2008, Regus shareholders have been able to elect to receive either Luxembourg-sourced dividends from Regus plc SA ("plc") or UK-sourced dividends from a UK-resident subsidiary of plc (the "IAS arrangements"). The IAS arrangements were put in place to allow shareholders to choose the dividend source which best suits their own tax position.

Following various changes in relevant tax law and practice, however, the tax implications of receiving a dividend from either plc or a UK subsidiary should now be the same for most shareholders. In order to enable the discontinuance of the IAS arrangements, which are no longer considered necessary, Regus has implemented a restructuring. As a result, all shareholders will be paid dividends directly from plc, commencing with the final dividend to be paid to shareholders on or around Friday, 27 May 2011. All such dividends should be payable by Regus plc without deduction of Luxembourg withholding tax, regardless of the residence of the recipient.

The Company has continued to act as the ultimate parent company of the Regus Group and has increased its investment holdings, during the year, in other group companies.

Regarding principal and uncertainties, key performance indicators, likely future development and fair review of performance, please refer to the Directors' Report in the consolidated annual accounts.

#### Acquisition of own shares

In the year from 1 January to 31 December 2010, the Company re-purchased 9,385,000 of its own shares in the open market and held these shares as treasury shares. These shares were acquired and held as treasury shares for the purposes of the share option plans operated for employees of subsidiaries of the Company and the Company's share buy-back programme. The treasury shares were acquired for a total consideration of £7.4 million (nominal value £93,850) and represented 0.9% of the issued share capital of the Company, and are in addition to the 1,576,498 treasury shares held by the Company at the start of the financial year.

During the year to 31 December 2010, the Company utilised 1,890,592 of its treasury shares to satisfy the share option remunerations awarded to employees. This reduced the number of treasury shares held by the Company to 9,070,906 shares.

The holders of ordinary shares of the Company are entitled to receive such dividends as are declared by the Company and are entitled to one vote per share at meetings of the Company. Treasury shares do not carry such rights until re-issued.

#### Result for the year

The loss for the financial year ended 31, December 2010 was £19.1m (2009: profit £13.4m). This loss is largely a result of an impairment provision made due to the permanent diminution of the value of an investment held by the Company. The Company paid total dividends in the year of £8.7m (2009: £8.7m)

Where any permanent diminution in value is identified, value adjustments are recorded in the profit and loss account. These value adjustments are not continued if the reasons which caused their initial recording cease to apply.

#### 2.5 Debtors

Current debtors are valued at their nominal value, but are subject to value adjustments where their value appears to be wholly or partially irrecoverable. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.
